

# The Nottinghamshire History Roadshow

What evidence is there of Romans in Nottinghamshire?  
And what jobs did Victorian children do down the coalmines? Why did the Vikings take over the City?  
It is amazing how little we know of the events that made our region what it is today.

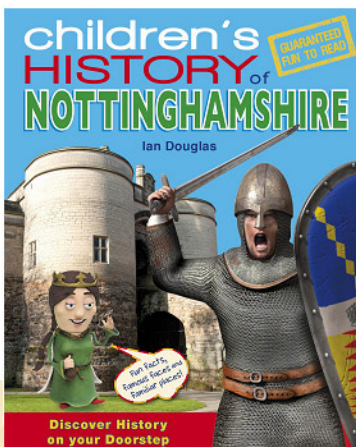

Ian Douglas, author of *The Children's History of Nottinghamshire*, launched the Roadshow to share this rich and exciting past with local schoolchildren. The Roadshow's unique experience incorporates:

- Slideshows, quizzes, and readings from the book
- Historical eras covered in the National Curriculum
- An emphasis on learning by fun and participation
- Extra creative writing and art activities on request
- Age-adaptable material from Year 4 up to early teens
- Content that reflects the book, but in far greater detail.

Topics include:

- Tiggua Cabauc and the Romans,
- Saxons, Vikings and the Danelaw,
- Medieval Nottinghamshire,
- Tudors and Stuarts,
- The Civil War in Notts,
- The Industrial Revolution,
- Victorian Nottingham,
- World War One and Two,
- Castle and City through the Ages.

Ian has over ten years teaching experience and is CRB checked. Find out more about the Nottingham History Roadshow, including fees, by contacting Ian by email at:
